- Cars**
- Trailers**

SCRUTINEERING PROCESS

All pre-entered entrants will have selected an hourly timeslot for scrutineering which must be adhered to upon arrival. Entrants will be asked to observe social distancing guidelines whilst their vehicle is scrutineered.

Any entrant arriving outside of this time, will be instructed to return at the time that they originally allocated.

Entrants with vehicles arriving to scrutineering on a truck or transporter will be scrutineered offsite at ASID.

Please contact Red CentreNATS management to coordinate your arrival and scrutineering.

When arriving at scrutineering, please ensure you have:

- Your current valid drivers licence
- Proof of vehicle registration (if road registered)
- Proof of third party insurance (included in most road registrations)
- Registration plates, labels and papers must all match. If you are unable to prove registration at the time of scrutineering, you will need to apply for a Temporary Licence to cruise
- Motorsports Australia and/or ANDRA licence (where applicable - refer to entrant event guide for further information in regards to competitor licencing)
